

Errata

Title: The Mortality and Medical Costs of Air Pollution: Evidence from Changes in Wind Direction

Authors: Tatyana Deryugina, Garth Heutel, Nolan Miller, David Molitor, and Julian Reif

Publication: American Economic Review, December 2019, 109(12): 4178-4219

1. In the footnote to Table 6, the sentence "The dependent variable is the one-day mortality rate per million beneficiaries." should instead be "The parameter β_1 has been multiplied by one million to make its units comparable to previous tables."
